Product Description

adjustable clevis hangers for copper tube

Pipe clamps provide stability and support for the installation of cryogenic systems, such as liquid nitrogen and liquefied natural gas (LNG) pipelines.

They offer compatibility with various types of pipe coatings, protecting against extreme temperatures and thermal expansion.

These clamps can be used in the construction of power plants, providing support for pipes and conduits in steam, water, and fuel systems.

Product Name	adjustable clevis hangers for copper tube
Material	Carbon Steel
CARBColor	SILVER EG OR POWDER COATING
Standard	DIN GB ISO
Loading Port	Shanghai , Ningbo or required port
MOQ	500PCS
Payment Term	Payment<=1000USD, 100% in advance. Payment>=1000USD, 30% T/T in advance ,balance before shippment
Used	building industry

Products Show
